

# **MEMORANDUM**

**TO:** All Team Captains/Interested Persons

**FROM:** Carl A. Piccarreta, President  
Tucson Metro Soccer League

**RE:** Glass bottles

**DATE:** December 17, 2012

As you have no doubt been kept well-aware, the City of Tucson forbids glass bottles at its parks. Specific to TMSL, we have been repeatedly cautioned that the continued use of glass bottles by our teams and their supporters may result in the City terminating our field contract. Such an event would effectively end the Tucson Metro Soccer League.

Despite TMSL's repeated warnings that glass bottles are forbidden, certain individuals and/or teams and/or their supporters continue to bring glass bottles to the field. Accordingly, the TMSL Board of Directors has voted to take an unprecedented step.

**Effective immediately, should any rostered player or a team's supporter be identified at any future match possessing glass bottles at or near a soccer field, the identified team's captain or representative will be suspended immediately for one match. Subsequent violations will result in more severe sanctions including, but not limited to, multiple match suspensions, expulsion from the League, team sanctions, etc.**

Please share this glass bottle prohibition with your teammates. Please encourage them to share this glass bottle prohibition with their friends, families and supporters.

Thank you.
